

U.S. Coast Guard Private Aids to Navigation Application (CG-2554) Lighting Questionnaire

Prior to purchasing your new lighting equipment you will need to supply the following information so that we may ensure your lights will meet the standards as noted in the code of federal regulations. This type of information is available from the company that manufactures the lighting equipment you are intending to use.

1. Supply technical information about the light. (Make, model, photo of light.) >>> Click in box.
2. What is the color of the light and flash timing? (Flashes per minute.) >>> Click in box.
3. Range of visibility of the light. (Given in nautical miles.) >>> Click in box.
Note: Answers 4, 5 and 6 can be supplied after you purchase the light.
4. Date the light was manufactured. (dd/mm/yy) >>> Click in box.
5. Date the light was purchased. (dd/mm/yy) >>> Click in box.
6. Date the light was installed. (dd/mm/yy) >>> Click in box.
7. Additional information if needed. >>> Click in box.
